*Reasons for Allowance*

1. The following is an examiner's statement of reasons for allowance: None of the prior art of records teach or suggest in combination a method of a PPPoA (point-to-point (PPP) over asynchronous transfer mode (ATM)) spoofing function in an asymmetric digital subscriber line (ADSL) modem, comprising the step of:

forming a single network between a client person computer (PC) and a network access server (NAS) by allowing the ADSL modem to make a PPP connection to the NAS when the client PC is booted, by allowing the NAS to transmit Internet protocol (IP) configuration information, including a global IP address, to a DHCP server of the ADSL modem through a PPP Internet protocol control protocol (IPCP), and by allowing the ADSL modem to transfer the IP configuration information received from the NAS to the client PC.

2. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
